Five trombones for our
"Music Man", Mr. MaKeever.

Mrs. Mason teaches dental
hygiene to first graders.

Staying warm in a cold winter's classroom.

Special attention is given to
special problems of students.

A new way to learn.

Those guys over there are the alphabet.

The fabulous food foursome.

Giggles, girls, and good food in our lunch room.

And what a beautiful
bulletin board it
turned out to be.

An ameba may be
interesting to him,
but what are the
girls studying?

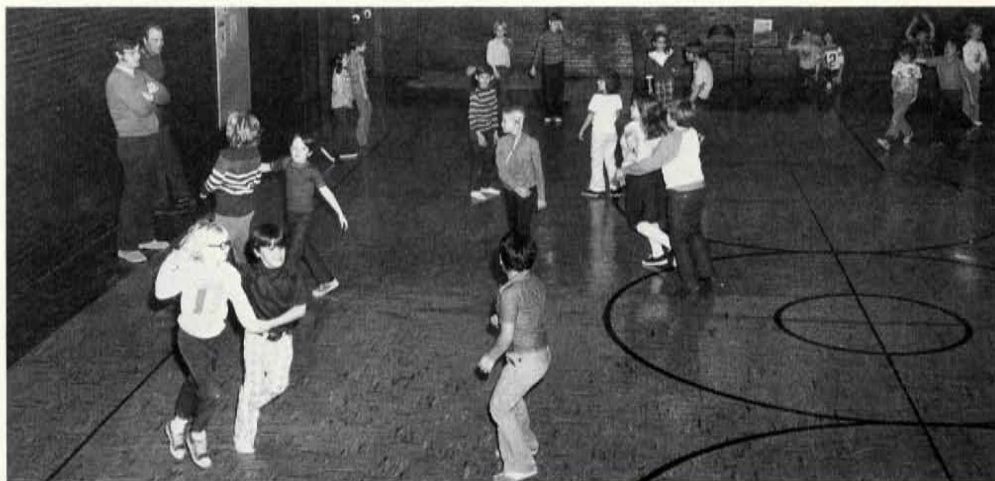

Sometimes it's a long walk
to the Learning Center.

On the title page we
find the following
